For booking purposes please notify our office as soon as possible should you choose not to trek the Mountain Gorillas.

Mountain gorillas inhabit the rain forests of Uganda, the Democratic Republic of Congo and Rwanda on the high slopes of the Virunga Volcanoes and to track them and find them among the tangled vines and giant trees is a spine-tingling experience. Other highlights of this trip are the memorable countryside of Uganda, known as the "Pearl of Africa", and Lake Nakuru National Park is home to black and white rhino, flamingo and leopard, while Lake Naivasha harbours large pods of hippos.

INCLUDED HIGHLIGHTS

Lake Bunyonyi, Lake Nakuru National Park, Great Rift Valley & Lake Naivasha.

UGANDA

The “Pearl of Africa” as it is referred to by its people, is home to some of Africa's major attractions. This country contains four of Africa's seven great lakes, including Lake Victoria which is the second largest body of fresh water in the world. Lake Bunyonyi is one of these spectacular lakes with its mythical landscapes and hidden bays. The source of the Nile at Jinja allows you the opportunity to tame the mighty waters with some of the world's best white-water rafting. And to top it all, this breathtaking country has the largest population of primates anywhere in Africa.

DAYS 1 - 4: Kampala to Lake Bunyoni (Breakfast / Lunch / Dinner)

After an early morning departure from Kampala we drive west into the depths of Uganda to our base at the tranquil Lake Bunyoni.

Lake Bunyoni, the deepest Crater Lake in Africa and home to a large and varied number of beautiful birds, is the base from which the optional Gorilla trek takes place. Dependant on where trekking permits are available, we trek in the Magahinga or Bwindi National Parks in Uganda, the Virunga National Park in the Democratic Republic of Congo, or the Ruhengeri National Park in Rwanda. The prices of trekking permits fluctuate and may change without prior notice – currently they are priced at US\$600. There is a local transport & handling fee of US\$120 per person (this covers the return public transfer and the Wildlife Authority's booking fee). For trekking in the DRC or Rwanda (the trip leader will advise at the pre-departure meeting as to where the permits have been secured and will assist with the online visa application for Rwanda en-route if needed), we will also have to purchase an additional visa to enter either country, as well as renewing our Ugandan visa upon re-entry. We also advise budgeting a little extra for tips for the local guides and rangers. Please budget accordingly as payment for the permit must be made in US\$ cash at the pre-departure meeting.

Trekking Procedures: The mountain gorilla (Gorilla Berengei), of which there are still only about 700 remaining, are one of our closest living relatives. A visit to these gentle giants in their natural environment is a unique and wonderful experience - one you'll never forget. The park rangers monitor the gorillas on a daily basis and have a fairly good idea of where they are. However, they are free roaming animals, and their sighting cannot be guaranteed. As the gorillas share much of our DNA, anyone with even the slightest cold or transferable illness will not be permitted to trek. Trekking is also only open to people over 16 years old.

Due to the restrictions on the daily numbers of visitors to these incredible animals, we depart from our base in Bunyoni in small groups over 3-4 days, depending on the group size. We wind our way through arguably some of the most picturesque scenery in Africa en-route to the National Park. Dependant on where permits are available, we may spend a night in either Kisoro or in Rwanda. The following morning, after packing our picnic lunch, we are transferred to a ranger's station where the trek commences. Your rangers will lead you through the cultivated lands and then into the dense rain forest and on to a gorilla family. Trekking can take anywhere from 45 minutes to 8 hours (not including transfer time) and it can be quite strenuous, so a reasonable level of fitness is required. To ensure the gorillas do not get too used to the presence of humans and because they share many of our genes (and therefore able to catch our diseases), the maximum time permitted to spend with them is 1 hour. You will have plenty of time to watch their activity and to take photographs. The rangers will be able to provide you with a background to the family you are visiting. Once your hour is up, you trek back out of the rain forest to your meeting point where you will be transferred back to the Lake Bunyoni resort.

You needn't feel like you're exploiting these animals. The ever-growing number of tourists trekking them each day play a vital role in their survival. For years they have been ruthlessly hunted for their hands and heads, which have been sold as ashtrays and lampshades! In addition, large numbers have been killed whilst trying to stop poachers stealing the babies for sale to zoos, where they have never lived long. 100% of the gorilla permit cost is used to by the parks authorities to finance patrols that are instrumental in protecting the gorillas from poachers and their lethal snares and on promoting these wonderful animals.

Depending on where the trek takes place you may also pass through some of the local villages that have settled in this region due to the high number of refugees fleeing from the Rwandan Genocide, or from the continued unrest in the DRC. The villagers in this area are mostly subsistence farmers, and families that farm against the slopes of the volcanoes. It is impressive to see how they have ploughed, planted and harvest their crops in such an unlikely landscape.

GORILLA TREKKING IS OPTIONAL

DAY 5: Lake Bunyoni to Kampala (Breakfast / Lunch / Dinner)

After marvelling at the experience of our gorilla encounters and enjoying the peaceful Lake Bunyoni, we begin our drive back to Kampala. We cross the Equator for the second time and stop for the classic “one foot in each hemisphere” photo opportunity. We overnight in Kampala and have the opportunity to sample its night life!

DAY 6: Kampala to Jinja (Breakfast / Lunch / Dinner)

Today we have the option of visiting the Ngamba Island Chimpanzee Sanctuary or heading to Jinja for a selection of adventure activities including white water rafting at the source of the White Nile, quad biking or visiting a volunteer and community project. Spend the afternoon relaxing on the banks of the river, or ticking off the wide variety of water birds in this area.

DAY 7: Jinja to Nakuru (Kenya) (Breakfast / Lunch / Dinner)

Departing early, we head back to Kenya, stopping for lunch and supplies en route. We overnight outside Nakuru at a local farm. Nakuru is Kenya’s 4th largest town and capital of the Rift Valley Province and lies adjacent to the small but wildlife rich Lake Nakuru National Park.
*EAMO Orphanage

Optional Activity: Spending time with the kids and bringing pens, pencils, notepads and so forth.

DAY 8: Lake Nakuru National Park (Breakfast / Lunch / Dinner)

This morning we begin our exploration of the Lake Nakuru National Park - famous for the thousands of lesser and greater flamingos that flock to this soda lake’s edge. The numbers vary depending on the water level, and when it’s low, the lake almost turns pink. A truly spectacular sight! The park was established as a sanctuary for black and white rhino, which are often seen. We spend the day searching for these pre-historic looking beasts as well as the elusive leopard, encountering buffalo, giraffe, various antelope and the occasional hippo along the way. After our game drive, we head to our camp, arriving in the late afternoon.

Included Activity: Game Drives in ATC Vehicle

DAY 9: Lake Nakuru to Lake Naivasha (Breakfast / Lunch / Dinner)

Lake Naivasha, is home to a multitude of bird life, the most magnificent being the African Fish Eagle with his regal cry. At 1880 m, this is the highest of the Rift Valley lakes. We spend the day enjoying optional excursions like Elsamere (former home to Joy & George Adamson of Born Free fame), a boat ride to the Crescent Island Game Sanctuary or a bike ride around Hell’s Gate National Park.

Included Activity: Lake Naivasha

KENYA

Upon entering this beautiful east African country, you may be greeted with the words of “jambo” (hello) or “hakuna matata” (no problem) by the friendly locals. With a population of nearly 42 million and land area of more than 580 000 sq km Kenya is home to an abundance of animals and colourful tribes people, making it the perfect getaway for a once in a lifetime safari.

DAY 10: Lake Naivasha to Nairobi (Breakfast)

After breakfast, we head back to Nairobi usually arriving by late morning, or early afternoon. On arrival, we exchange addresses and part ways, having just experienced a trip of a lifetime!

The rest of the day is yours at leisure to enjoy some of the many options available in this bustling city; visit The David Sheldrick Wildlife Trust, where you can view the orphaned baby Elephants at feeding time, or head to the Giraffe Centre in Langata, if you haven't had your fill of game viewing, then Nairobi National Park offers some great day trips or if you haven't quite got all those souvenirs you wanted, take a “Matatu” to the local curio markets close by the camp. This evening why not try the fair on offer at the famous Carnivores restaurant.

WHAT IS NOT INCLUDED?

Flights, Airport departure taxes departure transfer, visas, meals unless otherwise stated, travel insurance, laundry, Gorilla Permit, transfer to gorilla trek, personal items, Sleeping Bag, Pillow, tips & bottled water.

Meals on tour

Meals and menus vary as food is purchased en-route and is subject to produce that is available seasonally in the areas we travel through. As we support the local communities along the way, fresh produce is mostly purchased direct from the producer or local grower and therefore has an organic appearance. Our safari cooks are able to offer a wide variety of menus with the ingredients available, even if the produce on offer is not of the same selection as what you may be used to back home.

The breakfast spread consists of bread (toast when time allows), spreads and cereals with a hot breakfast every few days. Lunches are mostly prepared en-route with a supply of ‘build your own’ sandwich ingredients available. Dinners are cooked in the evenings on arrival at the campsite. A wide array of dinner menus is on offer during your safari, consisting of curries, stews, pastas, BBQ's and even roasts!

Transport on tour

Our overland vehicles are custom built converted trucks that have seating space for our passengers and a storage area for luggage and all trip equipment. The trucks seat between 27-30 passengers on our camping trips. Most seats are forward facing, though some models have a combination of forward, backward and some inward facing seats with tables. Vehicles have sliding glass windows, and the seating area is raised providing a great advantage for game viewing and photography. Seats are cushioned and there is storage space for personal items like cameras, snacks and day packs in the seating area.

Participation on tour

All of the tours operated by ATC are participation trips meaning that all passengers are expected to help out around camp. The crew members running the trip will set up a rota system that will be followed. One day you may be on cleaning duty, the next day you may be on cooking duty and so forth. This is not only to make the trip easier for all involved but also for you as the passengers to get to know one another while on trip.
